

CANVAS BAG DRAMA

Term One Newsletter April 2019

Seaside Thumbelina

It has been a fun and busy term for the Thumbelina class. It has been really nice to welcome some new faces. This term has been very creative developing intensively using our imaginations. Stories about baboons who steal bananas, dragons who don't want to be in a story, and monkeys trying to catch fish from the trees. The children have been learning new ways to use props to help develop their ideas. Movement and music have played a big part in the storytelling process.

Seaside Thumbelina Class develop their creativity when acting out the story of the "Dragon and Jill." Poor dragon must find something he is good at to stop the king always being angry with him.

Seaside Starfleet

It's wonderful seeing old faces from last year who are still loving the creative nature of their drama classes. It's also been really nice to welcome some new faces. The Seaside Starfleet class are learning great skills in team work, developing their ability to re-create their own stories from their own ideas within a team. This term we have been using improvisation based upon the stories from Aesop's Fables, written by the Greek slave, and Aladdin stories from the Middle East.

Seaside Starfleet enjoyed the story about "The Pot of Gold" based on a Middle Eastern story of how honesty and wisdom help to restore the hero's gold to him after it has been wrongfully taken.

Please note:

The last class for term one is the 11th of April, and classes resume in term two on the 2nd of May. It is assumed that unless I am contacted otherwise by a parent by the 19th of April that your child will be returning for classes in term two and an invoice will be emailed in week two of the holidays for term 2 fees.

I look forward to seeing everyone back next term, and hope you all have a safe and happy holiday.

Gina Fowler
